Element sofa

# THE JOY OF MOJO

Transform your living room with the versatile Mojo series. Mojo is available in different elements that you can combine with each other, from a spacious corner sofa to a compact seating element. Thanks to the manually adjustable armrests, Mojo offers extra flexibility and comfort. The Mojo series is available in 4 different colour schemes in the fabric options bouclé and woven ribbed fabric.

*The decorative cushions can be ordered separately*

### BOUCLÉ

Liora is a sophisticated bouclé fabric with a subtle colour blend and a firm grip. Made of 100% polyester, this elegant fabric has a Martindale of 100,000, meaning it is suitable for intensive residential use. The sturdy bouclé structure ensures that the upholstery keeps its shape and lasts a long time, even with daily use.

### MAINTENANCE

The bouclé fabric is easy to maintain. In case of stains, dabbing is recommended; friction can cause light spots. Most liquids can be removed with lukewarm water. Use a gentle circular motion from the outside inwards. Easily keep the dust free with a special furniture brush or the Hoover.

### WOVEN RIB FABRIC

The Remy rib fabric is a modern fabric that offers a luxurious look.

Thanks to the special jacquard weaving technique, the fabric has a rich texture and a velvety appearance. Our Ruby rib fabric is made of 100% polyester thread, which provides a soft touch.

With a Martindale rating of 80,000, you won't have to worry about scratches or pilling. Moreover, rib fabric has a reinforced backing and looks voluminous because of its wide stripes.

### MAINTENANCE

With ribbed fabric, always remove stains along with the rib. Dabbing with a slightly damp, clean cloth will easily remove most stains. Is the stain more stubborn? Let a damp cloth absorb the stain. Any re-brushing with a soft brush will keep the rib fabric feeling wonderfully soft.
