YOUR UNIQUE TABLE

YOUR UNIQUE TABLE

ALWAYS BEEN SEARCHING FOR THE IDEAL TABLE? CREATE YOUR
UNIQUE TABLE WITH THE TABLO COLLECTION OF WOOD!

The concept is simple: by choosing the tabletop, color and
table leg you can create a table that matches your living style.
The tabletops and part of the table legs are made of solid oak
in which you choose from the colors: Transparent, Dakar Grey,
Pebble Grey, Cashmere Brown, Mystic Brown and Blacknight.

Determine the shape of the table leg and additionally
choose between the different oak and metal table legs.

The solid oak wood that is used in the
Tablo collection is FSC®-certified.

The mark of
responsible forestry

IN 3 STEPS

1

CHOOSE THE TABLETOP

Create your unique tabletop by choosing from the different shapes -ranging from playful organic to symmetrical square-, the desired size and the wood joint.

2

CHOOSE THE COLOR

The solid oak can be finished in one of the following colors: Transparent, Dakar Grey, Pebble Grey, Cashmere Brown, Mystic Brown or Blacknight.

3

CHOOSE THE TABLE LEG

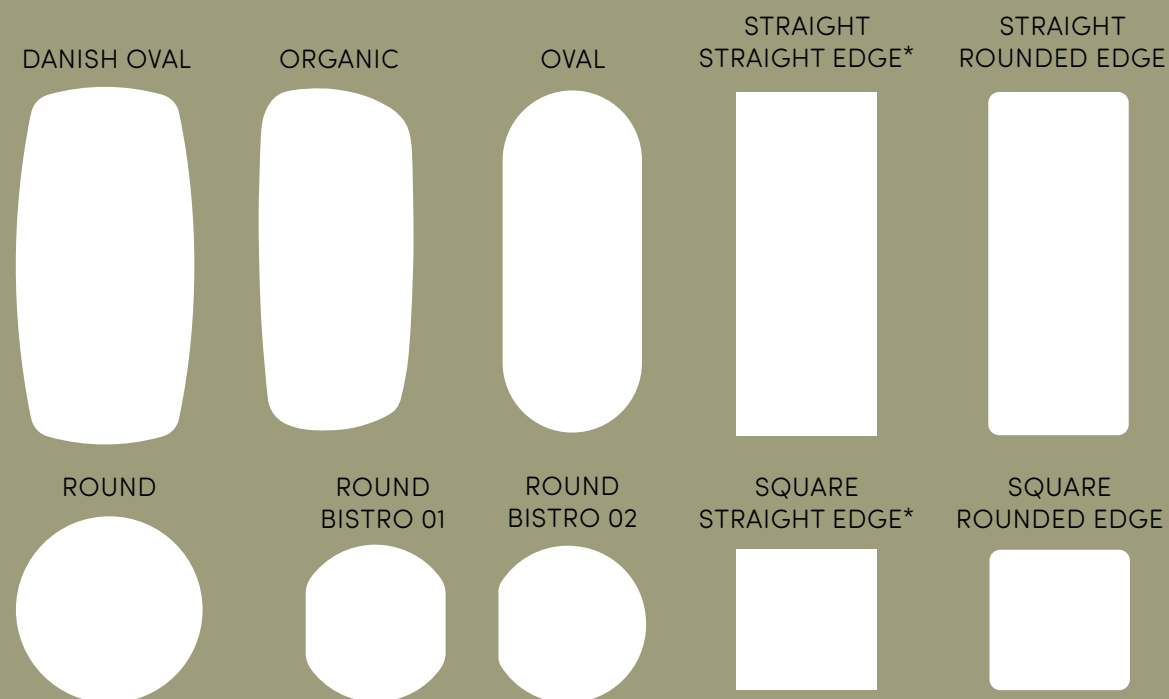

The Tablo collection offers a wide range of table legs. Determine the shape of the table leg and additionally choose between the different oak and metal table legs.

1

TABLETOPS

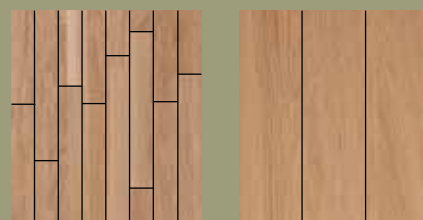

The tabletops of the Tablo collection consist of the shapes below, ranging from playful organic to symmetrical square. Two types of wood joints are available: finger-jointed and slat. Finger jointed tops consist of smaller strips of oak glued together, creating a unique pattern. Slat tops consist of wide, long slats glued along the entire length of the tabletop. This gives the table a smooth appearance. All tabletops are lightly brushed, which accentuates the grain marks even more and makes the (stain) colors stand out beautifully.

EDGE FINISHING

STRAIGHT

ANGLED

* The tabletops with a straight corner have a straight edge finish. All other tabletops have a angles edge finish.

2

COLOURS

The tabletops are available in six different colors: Transparent, Dakar Grey, Pebble Grey, Cashmere Brown, Mystic Brown and Blacknight. The untreated oak has a natural light brown color and a visible grain pattern. The tabletops are finished with a water-based (stain) color. The oak wood in our collections is 100% FSC®-certified.

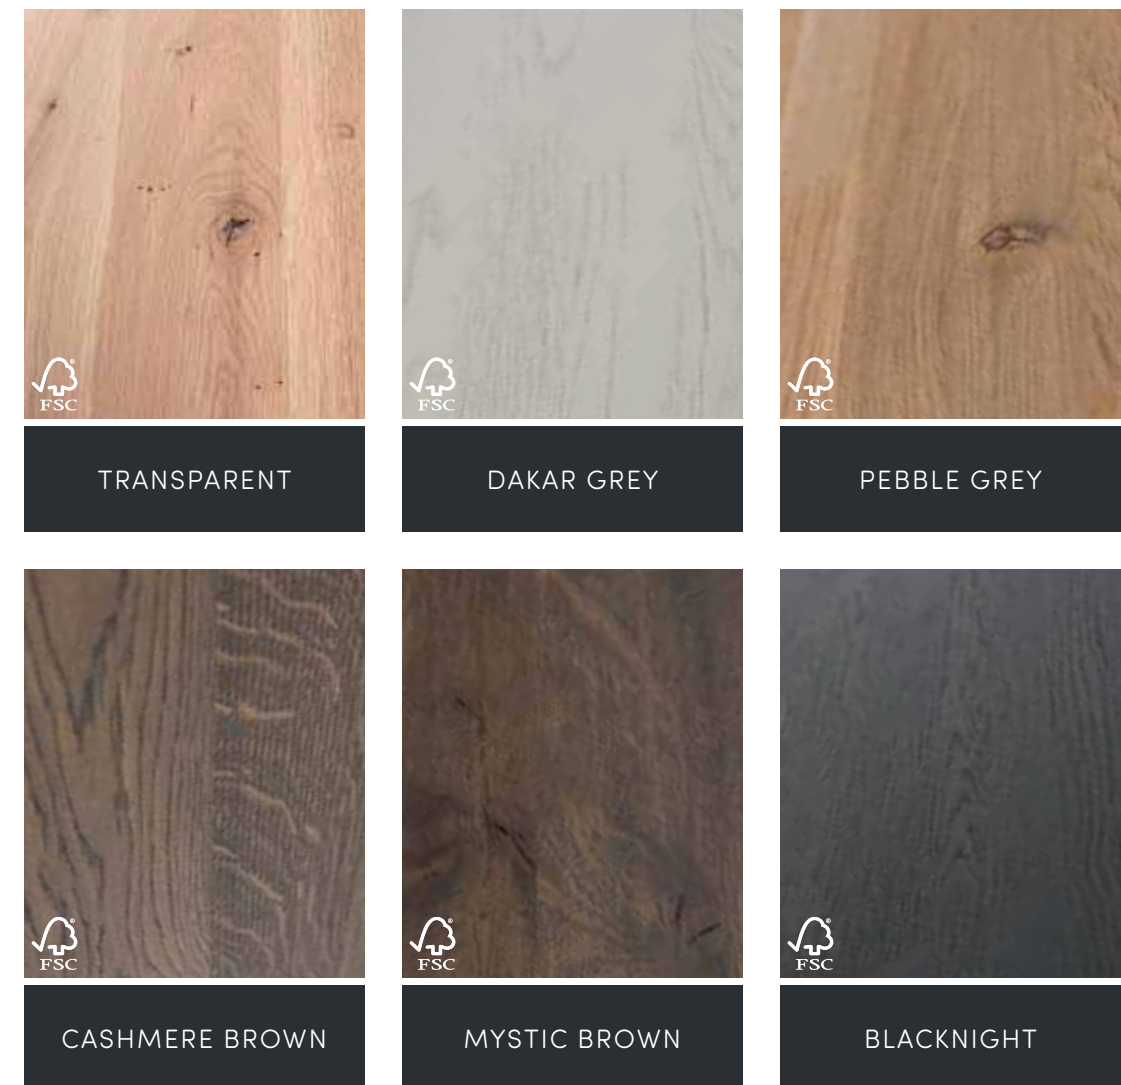

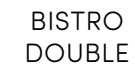

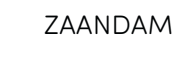

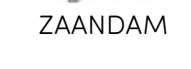

TABLE LEGS

The Zaandam table leg has a modern and organic look, is made of metal and available in chrome or dark sand. The robust and sturdy metal table legs come in black and several variations.

DANISH OVAL

A DANISH OVAL TABLETOP COMBINES THE CHARACTERISTICS OF AN OVAL AND A RECTANGULAR TABLE.

The Danish oval tabletop is available in different lengths: 180 cm, 200 cm, 210 cm, 220 cm and 240 cm, with a width of 100 cm. The top distinguishes itself because the shape is flattened at the end and gently bends inward. It also features with an angled edge finishing which provides an elegant and refined appearance.

STRAIGHT rounded edge

THE ROUNDED CORNERS OF THE
TABLETOP GIVE THE TABLE AN ELEGANT
AND SOPHISTICATED LOOK.

The straight tabletop with rounded edges is
available in various sizes, ranging from a small
table suitable for four people to a large variant
that seats eight people. The rounded corners
give the table a friendly appearance. In addition,
the tabletop features an angled edge finish which
provides an elegant and sophisticated look.

STRAIGHT straight edge

THE STRAIGHT EDGES OF THE TABLETOP GIVE THE TABLE A MODERN AND TIMELESS LOOK.

The straight edged tabletop is available in various sizes, ranging from a small table suitable for four people to a large version that seats eight. The straight edged give the table a modern and timeless look. The tabletop has a straight edge finish with a slight chamfer that prevents sharp table edges.

ORGANIC

THE ORGANIC TABLETOP FEATURES
ASYMMETRICAL AND PLAYFUL CONTOURS.

The organic tabletop is available in various
lengths: 180 cm, 200 cm, 210 cm, 220 cm and
240 cm, with a width of 100 cm. The organic shape
is subtly rounded allowing you to sit comfortably
on each side. In addition, the tabletop has an
angled edge finish which provides an
elegant and sophisticated look.

FROM DESIGN

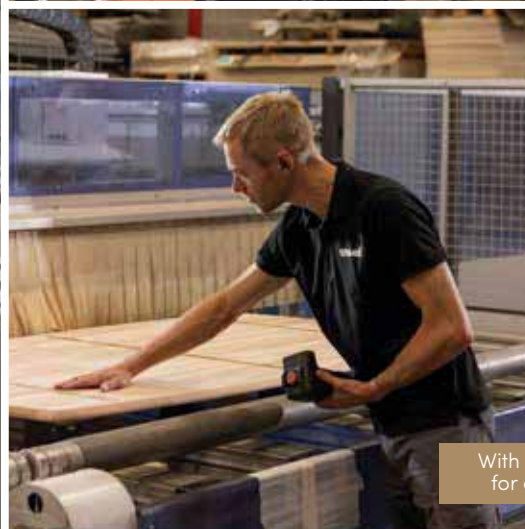

The process starts at our design department where the products are designed and finalized. Once you have ordered 'your unique table', it is custom-made in our factory in Zwaagdijk-Oost. The oak tabletop is milled into the desired shape, lightly brushed, lacquered or stained in our paint booth and then carefully packed. The tabletops are made of solid FSC®-certified oak, which makes it a responsible choice!

Carefully packed

Once your tabletop has been produced with care, it is then carefully packed for shipment alongside your chosen table legs.

TO YOUR HOME

OVAL

THE OVAL TABLETOP IS FORMED BY STRAIGHT LINES WITH SEMICIRCLES AT BOTH ENDS.

The oval tabletop is available in two sizes: 220x90 cm (suitable for six to eight people) and 240x100 cm (suitable for eight to 10 people). The design is seen as a compromise between the straight lines of a rectangular top and the organic curves of a circle. Furthermore, the tabletop features an angled finish which creates an elegant and sophisticated look.

SQUARE

A SQUARE TABLE IS PRACTICAL AND BALANCED. THE TABLETOP IS AVAILABLE WITH A STRAIGHT OR ROUNDED CORNER.

The square tabletop is available in various sizes: 70 cm, 80 cm and 120 cm. In addition, you can choose between a straight or a rounded corner.

The tabletop with a straight corner features a straight edge finish with a slight angle that prevents sharp table edges. The tabletop with a rounded corner has an angled edge finish which creates an elegant and sophisticated look.

ROUND

A ROUND TABLE BRINGS A COZY ATMOSPHERE INTO YOUR HOME AND IS IDEAL FOR ALL KINDS OF GATHERINGS. ITS ROUND SHAPE ALLOWS YOU TO MAKE EFFICIENT USE OF THE AVAILABLE SPACE.

The round tabletop is available in three sizes: 70 cm, 80 cm and 120 cm. The smaller tabletops with a diameter of 70 cm and 80 cm are suitable for two people. The tabletop with a diameter of 120 cm provides space for four to five people. In addition, the tabletop features an angled edge finish which provides an elegant and sophisticated look.

BISTRO

THE BISTRO TABLES ARE SUITABLE FOR USE IN RESTAURANTS AND HOTELS. THE TABLES ARE EASY TO LINK TOGETHER FOR A LARGER COMPANY.

The Bistro tables have a diameter of 80 cm, providing space for two people. The Bistro tables are available in two different variants. The 01 variant functions as a connector with two straight sides allowing you to extend the table endlessly. The 02 variant features a rounded side and a straight side, you can use this variant as a start or end piece. In addition, the tabletop features an angled edge finish which provides an elegant and sophisticated look.
